Note: You are required to have a DoD CAC to register for Resident/Classroom courses.

Direct Hires: Only Direct Hire Foreign Nationals in the contracting and Purchasing Career Fields with a valid CAC are eligible to apply for and have a profile in eDACM, and then apply for DAU resident/classroom courses in their respective career field.

Indirect Hires: There is no provision for Foreign National Indirect Hires or any Employee in the Naval Services for that matter, to use eDACM unless they hold a fully vetted and approved CAC (i.e., no “token” CACs are accepted). This is based on Naval Information Technology Security requirements.
