MEMORANDUM FOR SERVICE ACQUISITION EXECUTIVES
DIRECTOR, OPERATIONAL TEST AND EVALUATION
DIRECTOR, COST ASSESSMENT AND PROGRAM EVALUATION
DIRECTOR, DEFENSE PROCUREMENT AND ACQUISITION POLICY
DIRECTORS OF THE DEFENSE AGENCIES
(ATTN: ACQUISITION EXECUTIVES)
DEPUTY ASSISTANT SECRETARY OF DEFENSE (C3, SPACE AND SPECTRUM)
DEPUTY ASSISTANT SECRETARY OF DEFENSE (PORTFOLIO SYSTEMS ACQUISITION)
DEPUTY ASSISTANT SECRETARY OF DEFENSE (SPACE AND INTELLIGENCE)
DEPUTY ASSISTANT SECRETARY OF DEFENSE (SYSTEMS ENGINEERING)
PRESIDENT, DEFENSE ACQUISITION UNIVERSITY

SUBJECT: Use of Acquisition Program Transition Workshops (APTWs)

The purpose of this memorandum is to encourage maximum use of APTWs. These workshops address the importance of quickly establishing effective working relationships and task priorities between government and industry program offices immediately after contract award or re-baseline actions.

APTWs were initiated by the Defense Acquisition University (DAU) in 2004 to assist government and industry program managers and staffs in aligning program expectations, organizations, processes, and functional lines of communication. Seventeen tailored workshops have been completed to date with positive results and feedback. Some of the many benefits include: early alignment of government and industry team organizations; publication of roadmaps to Integrated Baseline Review and other near-term planning events; agreement on management review scope and processes; and resolution of issues including differences in interpretation of contracts and other documents. APTWs are an assist effort and, as such, any conclusions and recommendations are only provided to the government and industry program managers, thus encouraging open and candid communication.

Because of these significant benefits, I recommend program managers of all ACAT ID and IAM and special interest programs plan to conduct APTWs within the first month following contract award or re-baseline action (such as those associated with Post Nunn-McCurdy certifications). When planned, the workshops should be addressed in the Request for Proposal and Statement of Work to ensure it is reflected in the industry team’s Integrated Master Schedule. Requests for workshops from other programs will be entertained as resources allow. APTWs will be executed in accordance with the attached pending changes to the Defense Acquisition Guidebook.
Additional information regarding APTWs can be found on DAU Web site at http://www.dau.mil/homepage%20Documents/npsw.aspx. My points of contact are Mr. David Ahern, Deputy Assistant Secretary of Defense for Portfolio Systems Acquisition, at 703-693-3614, and Mr. Jess Stewart, DAU, at 703-805-4614 or Jesse.Stewart@dau.mil.

Attachment:
As stated
Add to Chapter 11 - Program Management Activities, a new Section 11.15 entitled:

**DEFENSE ACQUISITION GUIDEBOOK**

**Chapter 11 -- Program Management Activities**

**11.15. Acquisition Program Transition Workshops (APTW)**

**General.** Acquisition Program Transition Workshops (APTWs) are intended to provide timely and tailored assistance to ACAT ID/AM and select special interest government program managers in aligning the government/contractor team at critical points in the program’s schedule. APTWs are neither reviews nor assessments. They are to be conducted for the program manager on a “non-judgmental” basis with any findings, conclusions and recommendations provided to only the government and industry program managers. The APTW should enhance both the government and industry program manager’s capability to successfully anticipate and resolve commonplace challenges as well as unanticipated issues that may arise throughout program execution. Flowing from this effort, DAU maintains a lessons-learned program for dissemination among all program teams to foster better program performance and increase the chance for successful program outcomes. As part of a governance effort, the Deputy Assistant Secretary of Defense (Portfolio Systems Acquisition) and the service military deputies will collaborate on common threads and trends from completed APTWs, and adjust workshop content as required.

**Purpose and Objectives.** The following describes the purpose and objectives of the APTW process.

- **Basic Purpose.** To achieve early alignment of government & industry teams, particularly at the Integrated Product Team (IPT) level and with a product orientation.

- **Common Goals.**
  - Common Interpretation of Contract Requirements/Provisions
  - Understanding/Alignment of Government & Industry Processes
  - Understanding/Agreement on Program Risk Elements
  - Understanding/Agreement on IPT Structure, CONOPS, Authority

- **Common Deliverables.**
  - Integrated Baseline Review (IBR) Roadmap/Preliminary or Critical Design Review Roadmap (Major Goals)
  - Agreement on Program Management Review Scope & Processes
  - Joint Understanding of Program Scope & Configuration Management
  - Resolution of Issues/Interpretation of Differences
Commitment to Timely Communications and Transparency
Actions Needing Further Consideration/Resolution

**Execution.** It is strongly recommended that program managers of all ACAT ID/AM and special interest programs conduct an APTW with their Industry PM counterparts within the first few weeks following contract award or re-baseline action (such as those associated with Post Nunn-McCurdy certifications). Requests for workshops from other programs will be entertained as resources allow. Program managers should contact DAU in a timely manner to facilitate the following planning and execution processes.

- **Pre-Request for Proposal (RFP).** As a DoDI 5000.02 defined Milestone or a major transition/restart is approached, information regarding APTWs should be included in the RFP and Statement of Work (SOW). ACAT ID/AM program managers should address APTWs in their pre-RFP briefings to possible respondents.

- **Pre-Contract Award.** The period prior to the source selection announcement and contract award is a particularly useful time for the government program manager to engage in APTW government team training and/or process development for contract execution.

- **Post Contract Award.** In the first few weeks following contract award, program managers should coordinate with the industry program manager counterpart on actions that will result in a joint APTW within five weeks following contract award. Figure 1 is a notional APTW timeline. Figure 2 is an example of an APTW 2½ day workshop.
