# New Learning Assets Available!

DAU continues to field credentials in a piecemeal fashion by deploying learning assets as they are ready. Once all learning assets within a credential are deployed, the credential will go live. The next batch of learning assets for credentials currently in development have been released!

## CENG 013: Technology Portfolio Management

- [STM 2060V](#) Technology Portfolio Management

## CENG 031-037: DevSecOps Intermediate\*

- [SWE 0018](#) DoD Modeling & Simulation
- [SWE 0034](#) Software Acquisition Pathway
- [SWE 0040](#) Modeling & Simulation
- [SWE 0041](#) Software Acquisition Pathway Origins

## CENG 031-037: DevSecOps Intermediate Cont.

- [SWE 0062](#) Architecture Approaches for Agile Programs
- [SWE 0063](#) Software Factory
- [SWE 0064](#) DoD Software Factory Strategy

\*The DevSecOps Intermediate credential series contains seven individual credentials. The micro-learning assets listed are reused across credentials in the series.

## Save-the-Date! 27th Annual Systems and Mission Engineering Conference

The annual Systems and Mission Engineering Conference returns for its 27<sup>th</sup> year! This interactive forum brings together defense community members from industry, government, and academia to highlight ways for improving defense acquisition and system performance. This year's theme is *Digital Transformation across the lifecycle for Mission Success*.
